

# Science for

## (Search Engine Optimization)

Search engine optimization (SEO) is the process of affecting the visibility of a website or a web page in a search engine's "natural" or un-paid ("organic") search results.

# SEO Worth

At TradeKey we understand the significance of SEO and the impact it makes on business. According to Google, searchers make mental notes of your website ranking for keywords they enter. Higher your website position, better the chances of searchers clicking on your website.

# Why SEO

- ✓ SEO Provides Your Business Credibility
- ✓ SEO is Good for Business Visibility and Branding
- ✓ SEO Brings Your Business Traffic
- ✓ SEO Has One of the Best ROI's in Advertising
- ✓ SEO Gives You Unmatched Insights Into Your Customers
- ✓ If you don't your competitor will and you will be left behind.

# Impact of SEO

- Search is the #1 driver of traffic to a website, beating social media by more than 300%**
- 70% of results searchers click on are Organic Results**
- 75% of searchers never scroll past the 1st page of results**
- Inbound leads cost 60% less than outbound leads**

## Optimized Content Attracts Visitors & Leads

Writing new content and blogging has a bigger impact than you think. Businesses who Blog experience...

- 55% MORE VISITORS**  
Visitors convert to customers and sales
- 97% MORE LINKS**  
Natural Inbound links from other websites build credibility
- 434% MORE PAGES**  
Indexed Pages help build your rankings and credibility
- 70% MORE LEADS**  
Blog just 1-2x/month and expect more leads

### Did you Know? SEO has the biggest impact on Lead Generation

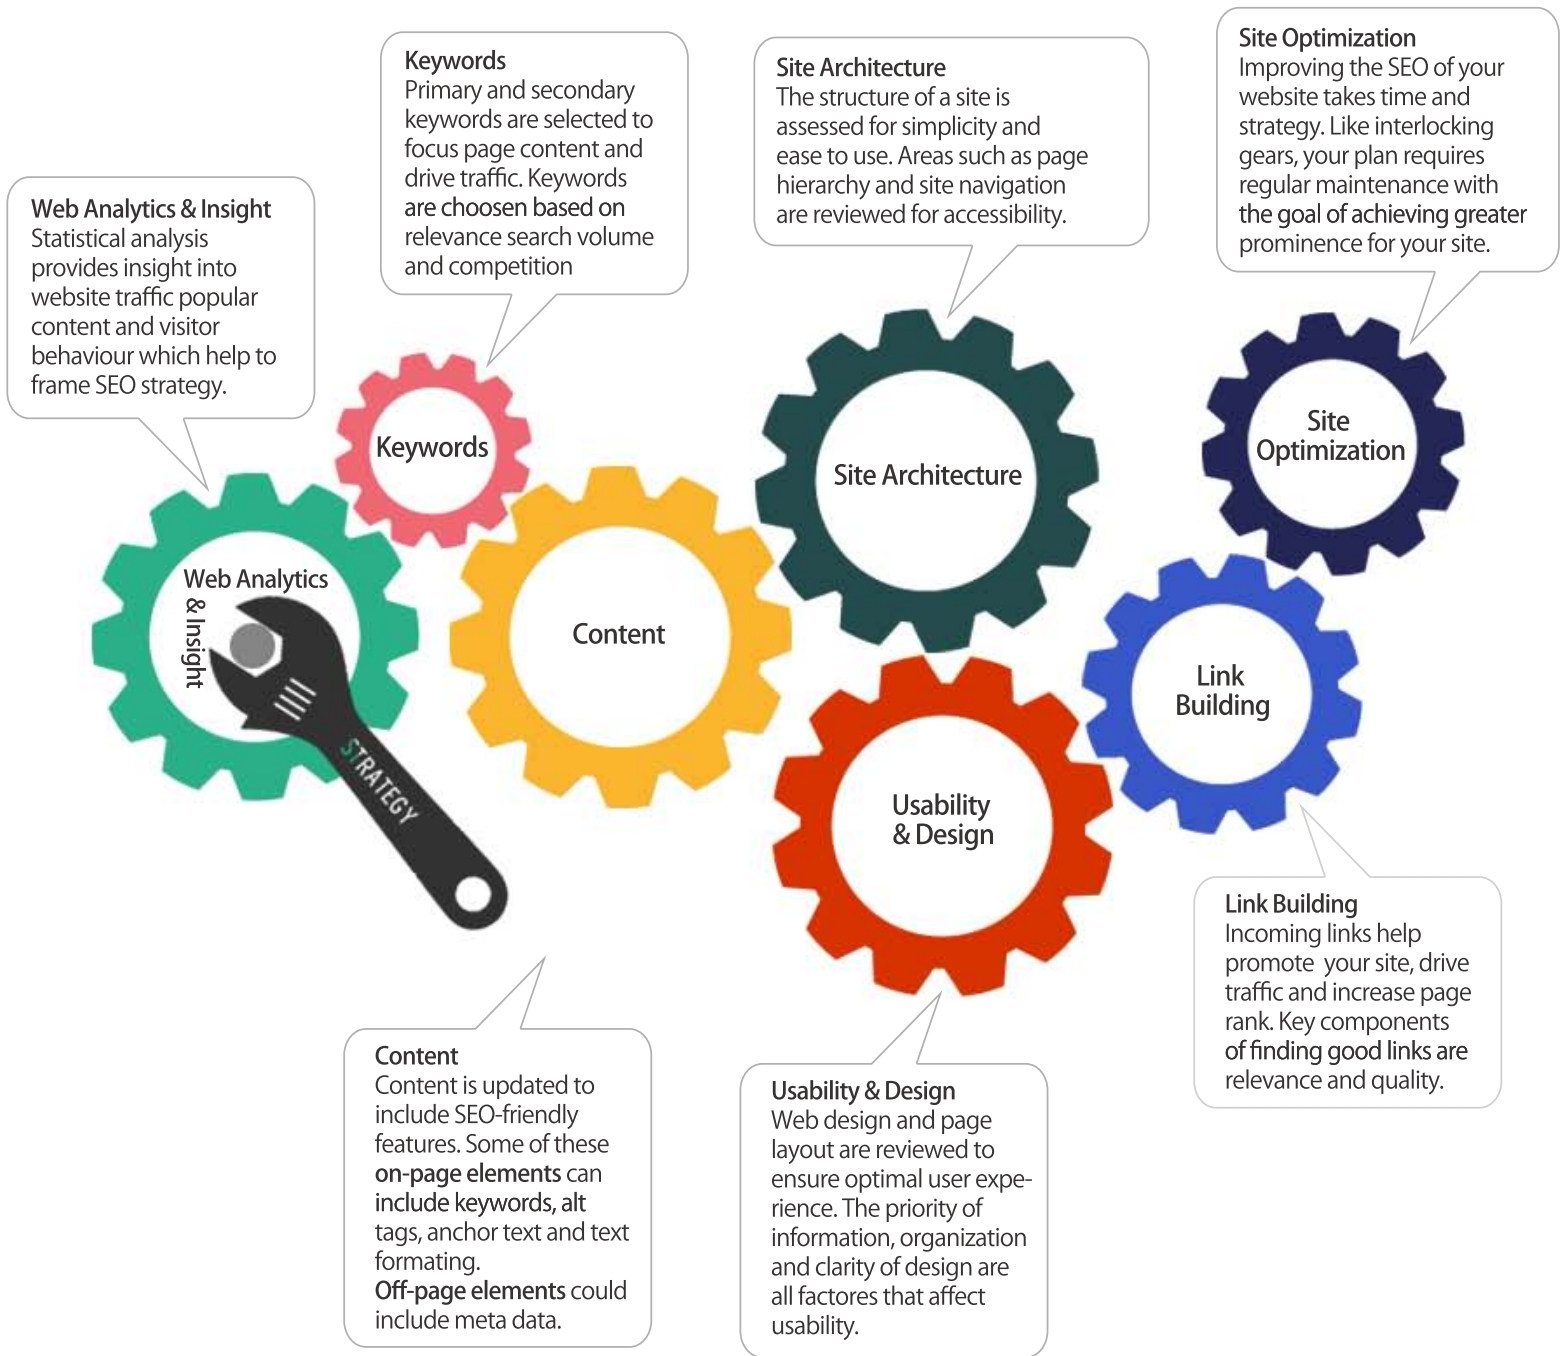

### Mobile Optimized Sites

1/3 of Google Searches are from a mobile device  
 Google favors "Mobile Friendly" websites in search results, based on factors such as:

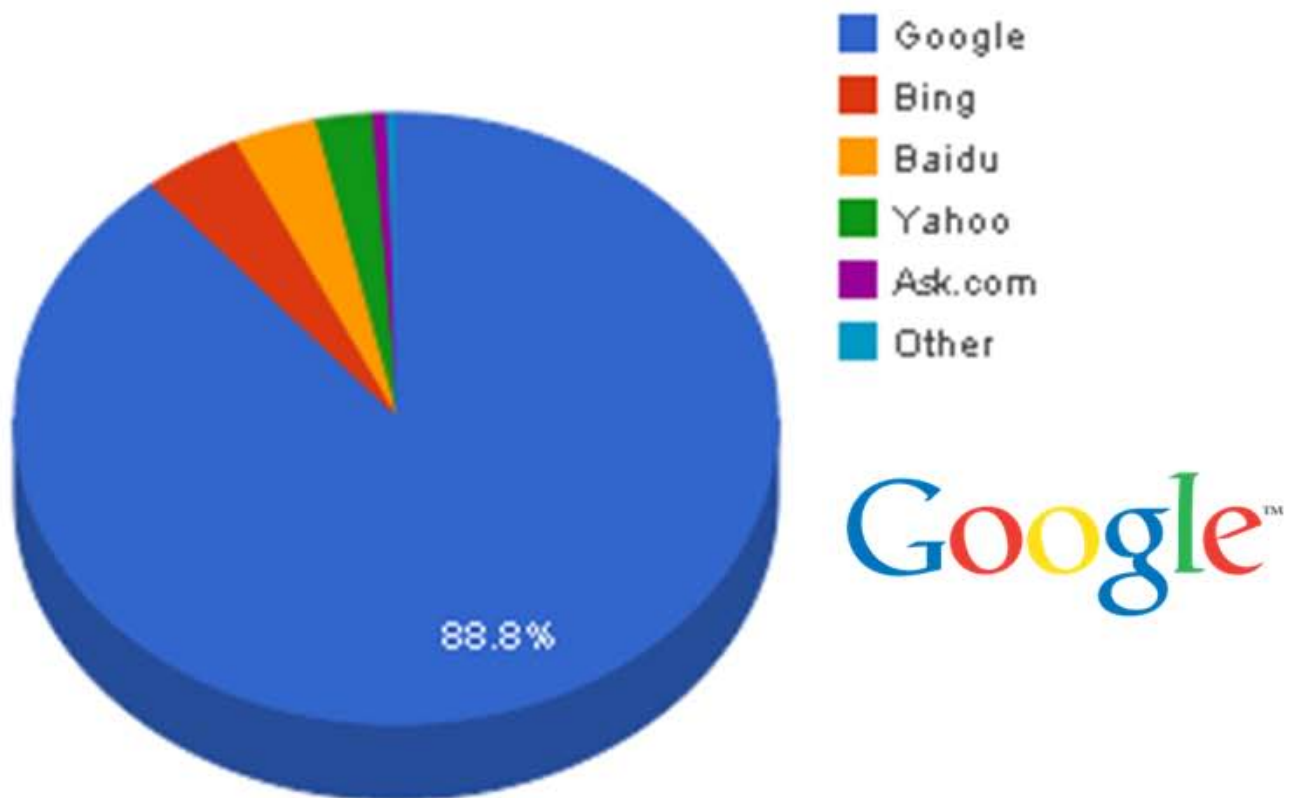

- Screen Size**
- Load Time**
- Finger Friendly**

# How Does SEO Work?

Search Engine Optimization (SEO) is the process of improving a website for better search engine results

# Search Engine Market Share

Google shares around **88%** of Search Market Share in **2012**

# Online Search Drives Offline Transactions

**64%+**

of consumer electronics  
purchasers research products  
online prior to purchase

**67%+**

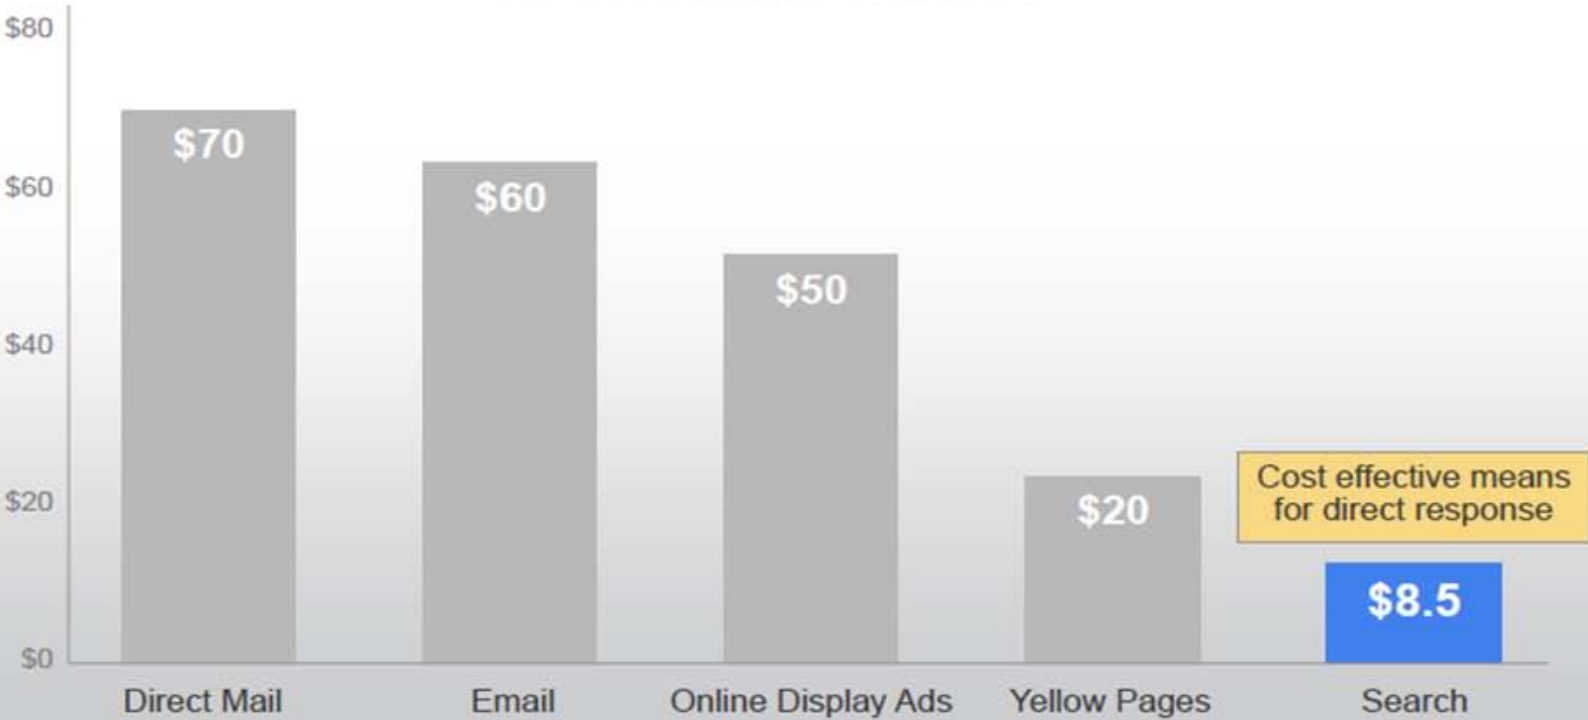

of in-store computer purchasers  
conducted online research prior  
to purchase

The web is the #1 destination for customers looking for product information, reviews, and price comparisons

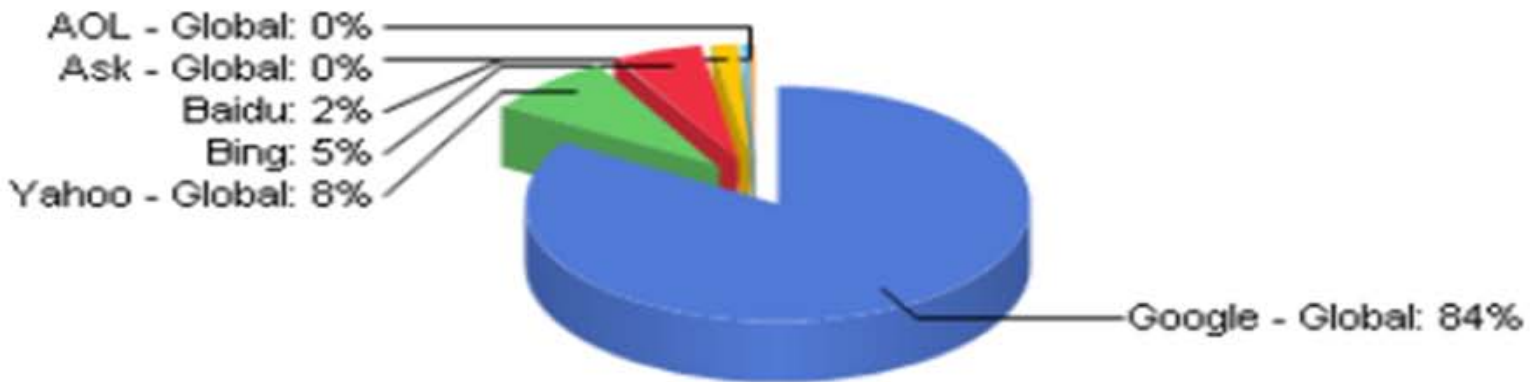

# Search is the most cost-effective channel to drive purchase

Approximate Customer Acquisition Cost Across Various Channels

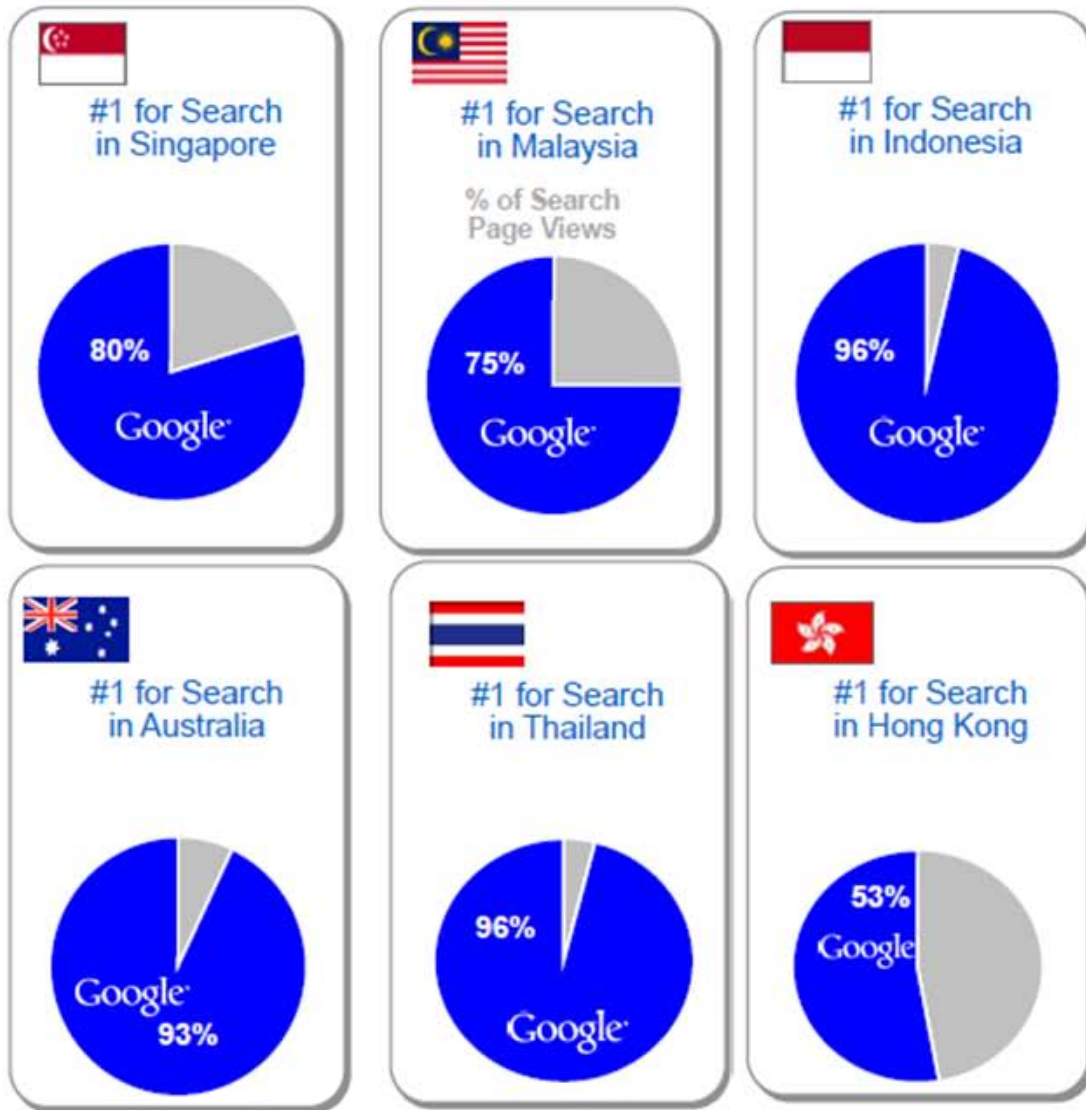

# Search Engine Market Share 2013

Total Market Share

# Google's Search Leadership in Asia Pacific

Reach 80% of internet users globally

## Our Premium Suppliers- SEO SUCCESS STORIES
